* The **annual** registration fee is quoted above: an additional £1,200 is charged per module for all students.

-- The course does not exist in this mode.

PLEASE NOTE:

- The fees outlined here apply to all students whose initial date of registration falls on or between 1 September 2012 and 31 August 2013. The University reserves the right to amend fees without notice.
- All students pay the tuition fee set annually by the University for the duration of their course (which may be raised year on year) unless otherwise set out in a schedule at the outset of the course and outlined above.
- Additional fees for extensions to registration may be charged.
- Fee eligibility at the Home/EU rate is determined with reference to UK Government regulations. As a guiding principle, EU nationals (including UK) who are ordinarily resident in the EU pay Home/EU tuition fees, all other students (including those from the Channel Islands and the Isle of Man) pay international rates. Students should apply to the Admissions Office for further advice.
