

# Wordsearch wonders!

**Cranfield University is a special place full of people who LOVE science and engineering. We work hard using our STEM skills to solve problems and help develop new ways of living and working, in topics like this:**

**Producing clean energy**

**Electric and driverless vehicle technology**

**Generating clean water and safe sewage disposal**

**Flight safety and designing future aircraft**

**Improving manufacturing processes and making clever materials**

**Waste management and producing energy from waste**

**Making technology to produce, store and process food**

We asked some of our teachers, researchers and technicians to think about what it means to them to be a scientist or engineer, and created this wordsearch from some of the words they came up with!

**See if you can find all the words on the next page, PLUS a challenge to find one word that isn't listed!**

- Experiment
- Help
- Engineering
- Questions
- Read
- Maths
- Challenge
- Aspire
- Discover
- Persevere
- Teamwork
- Study
- Check
- Patience
- Proud
- Encourage
- Investigate
- Research
- Determination
- Science
- Diverse
- Community
- Achieve
- Data

**We would love to see your work – parents or carers can send us a picture\* and we will display your wordsearch wonder on our community section of the website!**
