

Management and Leadership

MSc

Our part-time Management and Leadership MSc meets the requirements of the Government senior leader master's degree apprenticeship standard. Eligible organisations will be able to use £18,000 of their Apprenticeship Levy to cover the cost of the course tuition fees. Delivered in partnership with Grant Thornton, one of the world's leading organisations of independent advisory tax and audit firms, this course has been created to develop tomorrow's senior leaders. We will help you develop your leadership and management skills with a specific focus on leading-edge insights, commercial application and effective management frameworks.

This course is aimed at self-motivated, early-career managers who are keen to improve their management skills, knowledge and abilities, and become more effective leaders. It will allow you to join a community of skilled individuals developing the necessary know-how and confidence to stand out from the crowd.

You will study with a cohort of experienced professionals, build your network and gain insights into best practice internationally. In addition, you will be able to apply the knowledge and skills you develop during the course immediately in the workplace. Teaching by Cranfield staff is exclusively focused on postgraduate and executive levels and is designed to nurture your practical business skills and confidence. We place a huge emphasis on real-world challenges throughout the course.

This intensely practical postgraduate course is informed by both the Cranfield's Management MSc - ranked 3rd in the UK and 30th in the world by the current The Economist WhichMBA? Masters in Management 2019 ranking - and the Executive MBA - 9th in the UK in the Financial Times 2019 ranking.

Course structure

The course covers the core management subjects in a series of 12 modules. These are delivered in one-week face-to-face sessions per quarter, over the two-year period. Alongside the face-to-face modules, 20% is delivered through a mix of online and face-to-face learning. The course is highly interactive and student-centred with large elements of coaching, live consulting cases and business simulations.

Organisation-based project

Commences in the second half of the second year. You will tackle live company challenges, with the support of academic experts and company-based professionals.

Future career

The Management and Leadership MSc will enable you to develop your knowledge, skills and abilities while applying what you learn directly in your workplace. The programme will support your career progression, preparing you to successfully carry out senior leadership roles in the future.

Example modules

Compulsory:

- Accounting,
- Disruptive Innovation,
- Economics for Managers,
- Enterprise Performance and Risk Management,
- Evidence-based Management,
- Leading Corporate Sustainability,
- Leading Strategic Operations,
