

Cranfield full-time MBA student internships

The Cranfield MBA is one of the oldest and most recognised MBA programmes in the UK. Our quadruple-accredited programme is now over 50 years old, with a strong track record of excellence.

The Transformation MBA has been ranked in the Top 100 MBAs in the Financial Times Global MBA 2023 rankings, including being ranked in the UK top 10, and No.1 in the UK for sector diversity and 15th worldwide.

"The internship students challenge the way that a lot of us look at things in the business. We've found process improvements - insights into things that we wouldn't have come across and we're expecting some significant financial benefits in the projects."

Tim Ballard, Business Transformation
General Manager UK, Finning UK

Benefits to your company

- **Deep-dive into business challenges** – Cranfield MBA students offer high-quality, evidence-based insight into areas that you may not have the time, resources or expertise to address independently.
- **Access a rich pool of talent** – a chance to see strong candidates in action assessing their fit as permanent hires and potential future leaders in your organisation.
- **Gain new perspectives** – the diversity of Cranfield's MBA cohort and industry experience stimulates creative ideas and innovative solutions that they can bring to your business, alongside freshly gained industry knowledge.
- **Develop existing talent** – managing and mentoring an intern offers an opportunity for existing employees to boost their leadership skills, and retain employees looking for progression.

The internship project can take place in-person, remotely, or a mix of the two, and Cranfield's academic team will be on hand to support the interns with the academic elements of their experience.

Global consulting and corporate businesses, tech start-ups and scale-ups, SMEs, and even not-for-profits have already submitted summer projects to benefit from the Cranfield MBA internships scheme.
