

Katie Daniel
Theme Lead, Manufacturing the Future,
EPSRC

Katie has led the EPSRC Manufacturing the Future theme since April 2016. Alongside this role, she coordinates the Productive Nation Outcome which is a key element of the EPSRC Delivery Plan for 2016-2020.

From 2014-16, Katie worked within the Healthcare Technologies theme at EPSRC and led the development of EPSRC's healthcare strategy. She has also worked in other areas of EPSRC, including Physical Sciences and Engineering and managed the implementation of EPSRC's Shaping Capability strategy.
