

# National Manufacturing Debate 2020

Wednesday 2 December

## Jane Gardner

Managing Director, European Resilient Flooring  
Manufacturers' Institute

Jane Gardner is the Managing Director of the European Resilient Flooring Manufacturers' Institute (ERFMI), representing the interests of resilient flooring manufacturers in Europe.

Since joining ERFMI in September 2018, Jane has worked with ERFMI's members to develop a new road map for the association, focusing in particular on developing a circular economy for the resilient flooring sector. Jane has over 15 years' experience in the resource efficiency and sustainability sector with particular expertise in the collection and recycling of plastics construction products. Jane is the Chair of the Construction Products Europe Sustainability Working Group and the thematic coordinator for collection and sorting within the EU Circular Plastics Alliance Construction Working Group. Jane is passionate about circular economy and the environment.
