

Aerospace prize winners

Prize winner name	Programme of study or supervised research	Prize name
Shaoming He	Doctor of Philosophy	The Kings Norton Medal
Eduard Cosialls Borràs	Master of Science in Advanced Lightweight Structures and Impact	The Course Director's Prize for outstanding overall performance
Pauline Josette Annick Dubuc	Master of Science in Advanced Lightweight Structures and Impact	The Course Director's Prize for outstanding overall performance
Rocío Zabalo Liébanas	Master of Science in Advanced Lightweight Structures and Impact	The Course Director's Prize for outstanding overall performance
Jarad Jian An Lim	Master of Science in Advanced Lightweight Structures and Impact	Best Individual Thesis
Jarad Jian An Lim	Master of Science in Advanced Lightweight Structures and Impact	The Course Director's Prize for outstanding overall performance
David Pérez Sánchez	Master of Science in Aerospace Computational Engineering	The prize for best overall achievement
David Pérez Sánchez	Master of Science in Aerospace Computational Engineering	The Vice-Chancellor's Prize
Ángela Carmen Blázquez Calzada	Master of Science in Aerospace Dynamics	The Course Director's Prize
Arthur Pinto Mendez	Master of Science in Aerospace Dynamics	The Course Director's Prize
Alex Rementeria	Master of Science in Aerospace Dynamics	The Course Director's Prize
Adrien Lucien Guy Robin	Master of Science in Aerospace Dynamics	The Course Director's Prize for the best overall performance
Ferran Morales Tablero	Master of Science in Aerospace Dynamics	The Course Director's prize for the best thesis
Karthik Kumar Adiga	Master of Science in Aerospace Vehicle Design	The Allan Newell Memorial prize for the best work in Aircraft Design
Quintus Joseph Fernandes	Master of Science in Aerospace Vehicle Design	The Course Director's prize for best contribution to the group design project
Léo Jules Roman Fusil	Master of Science in Aerospace Vehicle Design	The Allan Newell Memorial prize for the best work in Aircraft Design
Ignacio Gimenez	Master of Science in Aerospace Vehicle Design	The John Stollery Memorial Prize
Ozan Tunahan Ismailoglu	Master of Science in Aerospace Vehicle Design	The Course Director's prize for the best individual research project
Liu Ke	Master of Science in Aerospace Vehicle Design	The Ken Griffin Memorial Prize for the best work in stress analysis
Naqash Khan	Master of Science in Aerospace Vehicle Design	The Joe Young Memorial Prize for the best overall student
Samuel Robert Eric Pelisson	Master of Science in Aerospace Vehicle Design	The Course Director's Prize for the best work in structural design in the Group Design Project
Petros Perdikoulis	Master of Science in Aerospace Vehicle Design	The Ken Griffin Memorial Prize for the best work in stress analysis
Robin Pierre Claude Peyrouse	Master of Science in Aerospace Vehicle Design	The Course Director's prize awarded for the best work in the field of Airframe Systems Design
Mathis Bertrand René Potel	Master of Science in Aerospace Vehicle Design	The Course Director's prize awarded for the best work in Avionic Systems Design
Xiong Qiu	Master of Science in Aerospace Vehicle Design	The C K Trotman Memorial Prize for the best research in fracture mechanics
Daniel Rossovsky	Master of Science in Aerospace Vehicle Design	The Course Director's prize for best contribution to the group design project
Roberto Parada Taboada	Master of Science in Aerospace Vehicle Design	The Course Director's prize awarded for the best work in the field of Airframe Systems Design
Roberto Parada Taboada	Master of Science in Aerospace Vehicle Design	The Joe Young Memorial Prize for the best overall student
Alex David Birbeck	Master of Science in Aircraft Engineering	The Course Director's prize for best overall student
Oliver Robert KennedyBlyth	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Abraham López Díaz	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Paolo Ghezze	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Marton Kiss-Toth	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Álvaro Martínez Leyva	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance

Oscar Liebana	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Dominika Urszula Malinowska	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Josep Maria Serra Moncunill	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Pablo Castell Orozco	Master of Science in Astronautics and Space Engineering	The Course Director's prize for best individual thesis
Ignacio Dominguez-Adame Palomo	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Belen Gonzalez Rodriguez	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Felix Ryan Skidmore	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Joel Christopher Stern	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Abbey Stock	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Pierre Cyril Trouillet	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Wineed Vattapally	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Nicolas Marie Joseph Villedieu De Torcy	Master of Science in Astronautics and Space Engineering	The Course Director's prize for excellent overall performance
Mohammad Ayedh Althubaiti	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Johannes Autenrieb	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Noé Ciochetto	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Tristan Enzo Quentin Dardoize	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Fausto Fanin	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Shuangshuang Rao	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Steven Patricio Tipan Rivera	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Natalia Strawa	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Eric Edgard Charles Georges Marie Toutounji	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Eric Edgard Charles Georges Marie Toutounji	Master of Science in Autonomous Vehicle Dynamics and Control	The prize for the best individual thesis
Simon Guy Walter Maria Van Den Heuvel	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Vinorth Varatharasan	Master of Science in Autonomous Vehicle Dynamics and Control	The Course Director's prize for outstanding overall performance
Efstratios Angelis	Master of Science in Computational and Software Techniques in Engineering	The prize for the best overall achievement in the Computer Aided Engineering option
María Crespo Estrada	Master of Science in Computational and Software Techniques in Engineering	The prize for the best overall female student
Kacper Mikolaj Grajcar	Master of Science in Computational and Software Techniques in Engineering	The prize for the best overall achievement in the Computer Machine Vision option
Maxime Arnaud Monnet	Master of Science in Computational and Software Techniques in Engineering	The prize for the best overall achievement by an ESTIA Student
Klaudia Barbara Katarzyna Pawelek	Master of Science in Computational and Software Techniques in Engineering	The prize for the best overall achievement in the Software Engineering for Technical Computing option
Georgios Bagiatis	Master of Science in Computational Fluid Dynamics	The Course Director's prize for best thesis
Georgios Klavaris	Master of Science in Computational Fluid Dynamics	The Course Director's prize for the best overall performance
Achille Hugo Martin	Master of Science in Robotics	Course Director's prize for the best overall performance
Valentin Frédéric Guillaume Bouchez	Master of Science in Thermal Power	The Course Director's prize
Francesco Carbonara	Master of Science in Thermal Power	The Siemens Power and Propulsion Prize
Adriano Isoldi	Master of Science in Thermal Power	The Course Director's prize for outstanding coursework
Marcos López Juárez	Master of Science in Thermal Power	The Roy Fedden Memorial Prize for mechanical engineering
Srinivasan Karuppannan	Master of Science in Thermal Power	The Whittle Prize
Giulio Lovo	Master of Science in Thermal Power	The Course Director's prize
Arrate Iturralde Maseda	Master of Science in Thermal Power	The Course Director's prize
Mattu Varun Rao	Master of Science in Thermal Power	The Worshipful Company of Fan Makers Prize in fluid engineering
Olatz Larrieta Sedano	Master of Science in Thermal Power	The Worshipful Company of Fan Makers Prize in Aerodynamics
Hao Wang	Master of Science in Thermal Power	The Baxter Memorial Prize
Yuanpeng Wang	Master of Science in Thermal Power	The Course Director's prize
Zhang Wen	Master of Science in Thermal Power	The R-MC Prize
Mou Yan	Master of Science in Thermal Power	The Course Director's prize
Jinning Zhang	Master of Science in Thermal Power	The Ken Ramsden Memorial Prize

Manufacturing prize winners

Prize winner name	Programme of study or supervised research	Prize name
Sara Hawi	Master of Research	Professor and Mrs McKeown Prize for the best thesis on the Precision Engineering MSc
Sékolène Marie Couty	Master of Science in Advanced Materials	The Institute of Materials, Minerals & Mining Prize for the best group project in the field of materials
Alice Aimée Christine Grégoire	Master of Science in Advanced Materials	Professor and Mrs McKeown Prize for the best thesis on the Applied Nanotechnology MSc
Eva Peláez Álvarez	Master of Science in Aerospace Materials	The Institute of Materials, Minerals & Mining Prize for the best group project in the field of materials
NicolasCorrea	Master of Science in Aerospace Materials	The Institute of Materials, Minerals & Mining Prize for the best group project in the field of materials
Eduardo Muñoz Galindo	Master of Science in Engineering and Management of Manufacturing Systems	The Sukhjit Ghatora Memorial Prize
Adrien Pierre François-Xavier De Soultrait	Master of Science in Global Product Development and Management	The BAE Systems Prize for the best performing student in manufacturing
Jose Maria De La Puente	Master of Science in Management and Information Systems	The British Computer Society Prize for the best performing student
Agnieszka Katarzyna Agata Oginska	Master of Science in Manufacturing Technology and Management	Cranfield Armourers & Brasiers Prize
Flavien Maurice Michel Tourtet	Master of Science in Manufacturing Technology and Management	The BAE Systems Prize
Adam James Curtis	Master of Science in Operations Excellence	The Rolls-Royce plc Prize for the best group project
Adam JamesCurtis	Master of Science in Operations Excellence	The Rolls-Royce plc Prize for the best overall student
Adam James Curtis	Master of Science in Operations Excellence	The Rolls-Royce plc Prize for the best thesis
David Paul Reynolds	Master of Science in Operations Excellence	The Rolls-Royce plc Prize for the best group project
Damian Tomasz Sikon	Master of Science in Operations Excellence	The Arthur Corfe Prize for the student making the best contribution
Damian Tomasz Sikon	Master of Science in Operations Excellence	The Rolls-Royce plc Prize for the best group project
John Blaney	Master of Science in Through-life System Sustainment	The Course Director's Prize for the best student
Yuhan He	Master of Science in Welding Engineering	The TPS Welding Technology Award
Runze Gong	Postgraduate Certificate in Advanced Materials	The Institute of Materials, Minerals & Mining Prize for the best group project in the field of materials

Transport Systems prize winners

Prize winner name	Programme of study or supervised research	Prize name
Paul Franciscus Laurentius Peter Broekmeulen	Master of Science in Advanced Motorsport Engineering	AVEC Award for Best Overall Performance in Advanced Motorsport Engineering MSc Group Design Project
Robert Charles Ivey	Master of Science in Advanced Motorsport Engineering	AVEC Award for Best Overall Performance in Advanced Motorsport Engineering MSc Group Design Project
Carlos Del Pino Moreno	Master of Science in Advanced Motorsport Engineering	AVEC Award for Best Overall Performance in Advanced Motorsport Engineering MSc Group Design Project
Andrea Rostagno	Master of Science in Advanced Motorsport Engineering	The Adrian Reynard Prize for the best thesis
Anmol Sharma	Master of Science in Advanced Motorsport Engineering	AVEC Award for Best Overall Performance in Advanced Motorsport Engineering MSc Group Design Project
Alexander Michael Livingstone Thew	Master of Science in Advanced Motorsport Engineering	The British Racing Drivers' Club (BRDC) Prize
Christopher David Vrettos	Master of Science in Advanced Motorsport Engineering	AVEC Award for Best Overall Performance in Advanced Motorsport Engineering MSc Group Design Project
Christopher David Vrettos	Master of Science in Advanced Motorsport Engineering	The Sir Jackie Stewart OBE Prize
Marc Ginestà Busquets	Master of Science in Advanced Motorsport Mechatronics	AVEC Award for Best Overall Performance in Advanced Motorsport Engineering MSc Group Design Project
Christophe Petitclerc-Demers	Master of Science in Advanced Motorsport Mechatronics	The British Racing Drivers' Club (BRDC) Prize
Abdi Hakim MohamoudFarah	Master of Science in Air Transport Management	The Course Director's Prize for Leadership and Initiative
Kristian Mark Farrugia	Master of Science in Air Transport Management	The Course Director's Prize for the best overall performance on the Air Transport Management and Airport Planning and Management Executive MScs
Pietro Pontiggia	Master of Science in Air Transport Management	The Course Director's Prize for excellent overall performance
Iason Rigas	Master of Science in Air Transport Management	The Course Director's Prize for the best thesis on the Air Transport Management and Airport Planning and Management Executive MScs
Iason Rigas	Master of Science in Air Transport Management	The Course Director's Prize for the best thesis on the Executive Air Transport Management MSc
Borja Pons Torres	Master of Science in Air Transport Management	The Course Director's Prize for the best thesis
Julia Hahn	Master of Science in Airport Planning and Management	The Course Director's Prize for the best thesis
Julia Hahn	Master of Science in Airport Planning and Management	The Course Director's Prize for the best student
Lu He	Master of Science in Airport Planning and Management	Award for best personal development
Patrick Allain	Master of Science in Automotive Engineering	The Industrial Interaction Prize
Michael Giles Horsnell	Master of Science in Automotive Engineering	The Course Director's Prize for overall contribution
Emilien Sopetti	Master of Science in Automotive Engineering	The Hodgetts Memorial Prize for best thesis project
Arunajadeswar Swaminathan	Master of Science in Automotive Engineering	The Course Director's Prize for overall contribution
Lijo John	Master of Science in Automotive Mechatronics	The prize for the best thesis
Varun Nagesh Pai	Master of Science in Automotive Mechatronics	The Course Director's Prize for the best overall contribution
Eneko Otaola Pasamon	Master of Science in Automotive Mechatronics	The Industrial Interaction Prize
Rajive Christopher Wisidagama	Master of Science in Automotive Mechatronics	The prize for the best student
Conor Martin Barrett	Master of Science in Safety and Accident Investigation (Air Transport)	The Course Director's Prize for the best overall student
Afandi Darlington	Master of Science in Safety and Accident Investigation (Air Transport)	The Course Director's Prize for the best thesis
Richard William Bedford	Master of Science in Safety and Human Factors in Aviation	The Course Director's Prize for the best overall performance
Zepu Yan	Master of Science in Safety and Human Factors in Aviation	The Helen Muir Prize and GAPAN Trophy
Aristotelis Folas	Master of Science in Automotive Engineering	The Rootes Prize for best overall student
