

# Management and Leadership

MSc

**Our part-time Management and Leadership MSc meets the requirements of the Level 7 Senior Leaders Master's Degree Apprenticeship Standard. Eligible organisations will be able to use £18,000 of their Apprenticeship Levy to cover the cost of the course tuition fees. Delivered in partnership with Grant Thornton, one of the world's leading organisations of independent advisory tax and audit firms, this course has been created to develop tomorrow's senior leaders. We will help you develop your leadership and management skills with a specific focus on leading-edge insights, commercial application and effective management frameworks.**

The course is designed for early-career professionals who want a 'real-world' business education which they can apply directly back into their workplace. It is also applicable for self-motivated managers who are keen to enhance their skills, knowledge and abilities, and become more effective leaders. You will study with a cohort of experienced professionals, build your network and gain insights into best practice internationally. In addition, you will be able to apply the knowledge and skills you develop during the course immediately in the workplace. Teaching by Cranfield staff is exclusively focused on postgraduate and executive levels and is designed to nurture your practical business skills and confidence. We place a huge emphasis on real-world challenges throughout the course.

This intensely practical postgraduate course is informed by both the Cranfield's Management MSc - ranked 1st in the UK and 7th in the world by the current The Economist WhichMBA? Masters in Management 2017 ranking - and the Executive MBA - ranked 6th in the UK in the Financial Times 2016 ranking.

## Course structure

The course covers core management subjects in a series of 12 modules delivered across five to six days every three months, over the two year period. Alongside the face-to-face modules 20% of the course is delivered through blended learning.

## Organisation-based project

Commences in the second half of the second year. You will tackle live company challenges, with the support of academic experts and company-based professionals.

## Future career

The Management and Leadership MSc will enable you to develop your knowledge, skills and abilities while applying what you learn directly in your workplace. The programme will support your career progression, preparing you to carry out senior leadership roles successfully.
